

## TO-DAY ENDS THE CHOLERA QUARANTINE

At noon today the cholera quarantine was lifted entirely with the exception of the Korean, the vessel to arrive from the Far East this afternoon. An exception is being made in her case on account of her having close on three hundred steerage passengers for San Francisco. These comprise Porto Ricans, Hawaiians, and a few Portuguese, but the Porto Ricans dominate. The only reason why the Korean is to be placed in quarantine is merely as an extra precaution owing to the crowd of steerage passengers who were booked before the regulation was lifted.

## M'BRYDE SHOWING PROFIT, TO ISSUE \$800,000 STOCK

At the annual meeting of the stockholders of McBryde Sugar Company Ltd., held this morning at the offices of Alexander & Baldwin, Ltd., the proposal to issue a million dollars of additional stock preferred, of which \$800,000 is to be sold at par forthwith, was carried unanimously after statements had been made by W. A. Kinney and Jos. P. Cooke. Mr. Kinney's statement was as follows:

"It is proposed to authorize and issue 50,000 shares of preferred stock on the par value of \$20.00 each, such stock to be entitled to a preferred dividend of 7 per centum annum, the same to be cumulative and said stock to have the right to vote on an equal footing with the common stock, but to have no right to participate in any other profits or dividends whatever, its dividend being fixed at 7 per centum annum and the balance of dividends to go to the common stock whatever the amount; 40,000 shares of the preferred stock to be sold at par as soon as possible to liquidate and pay off the floating indebtedness of the McBryde Sugar Company which on the last day of December last, amounted to about seven hundred and twenty-five thousand dollars due the agents, Alexander & Baldwin, Limited, and seventy-five thousand dollars due the First National Bank. This will leave McBryde Sugar Company free to apply her earnings in excess of her operating expenses and the dividend due on the preferred stock to any purpose or object that the stockholders desire, the tendency being that either the former course will be adopted or

## HER STORY HAS CHANGED

Yet another charge of perjury was threatened in the police court this morning at the close of the day's proceedings in the Peter Stanley case. The woman who was missing for so long flatly denied the allegations made against Stanley. When McDuffie was put on the stand to relate certain statements made by the witness to him, objection was taken by Attorney Straus as to the admissibility of the evidence. It was agreed to disregard the woman's testimony and also to take none from McDuffie. Straus made a motion for the dismissal of the charges and on this Judge Lymer will rule tomorrow morning.

Deputy City and County Attorney Brown announced that he intended to file a charge of perjury against the woman, upon which she would be arraigned in the morning. Judge Lymer declined to release her except on the \$1000 bail already set, remarking that her contempt of court was gross and merited imprisonment for two years.

## MAGOON'S FEE IS ALLOWED

J. Alfred Magoon's claim of \$1500 counsel fee, against the bankrupt estate of Mary H. Atcherley, was sustained by Judge Dole this morning, also an item of \$527.41 for cash advances. The original fee claim was \$2500 and the referee in bankruptcy allowed \$1500. An appeal was taken by creditors from the referee's decision.

Mrs. Atcherley claimed that Magoon had volunteered his services for Atcherley. Judge Dole says that there is some testimony supporting this contention, but there were conversations between Mrs. Atcherley and Magoon, "in which she was favorable to some charge by him." The findings of the referee are all sustained.

## DOLE DECIDES THE LUMBER TRUST CASE

The "lumber trust" case was thrown out of court this morning by one of several decisions handed down by United States Judge Sanford B. Dole, who cleared his calendar of pending matters preparatory to leaving on the Korea tomorrow. The suit was brought over ten years ago by the late District Attorney Baird, against Lewers & Cooke and Allen & Robinson, and charged that the firms mentioned had entered into an unlawful combination to destroy competition and control prices in the lumber business.

In deciding the case Judge Dole said:

**Allegations Unproved.**

"The petition must be denied, the evidence having failed to prove the allegations or any of them which might, if established, show a violation

## LABOR PROTECTION BILLS TAKEN UP

The anti-immigration trio of Senate bills yesterday introduced by Senator Judd for the protection of the territory against an exodus of labor, passed second reading this morning and were all three referred to the Judiciary committee of which Judd is the chairman. These measures will come up for final reading tomorrow.

But the passage and second reading were not altogether rapid transit. Robinson and Hewitt wanted to know how minors were to be prevented leaving the country without their parents' consent if they happened to have no parents, and Senator Baker unsuccessfully moved that the first of the bills, Senate bill 108, to define, regulate and license emigrant agents, be taken up in committee of the whole.

"It appears very much to me," said Senator Baker, "that such attempted legislation is a move prohibiting the freedom of the laborers of this country and is against the United States constitution."

Senator Chillingworth seconded the

## Hilo Franchise Bill Passes The House

With some small amendments submitted by the committee on public lands and internal improvements in a favorable report, the House after a little debate this morning passed the Senate bill containing the Connors-Johnson street railway franchise for Hilo on second reading.

**Emigration Bills.**

Rice's bill to define and regulate emigration agents passed second reading, while the two bills of Watkins dealing with the enticing of laborers out of the Territory were referred to the Judiciary committee.

**To Exterminate Deer.**

A favorite report was made by the committee on agriculture on Cooke's bill to repeal the law of 1909 making a close season for deer, finding that the forests of Molokai have suffered greatly from the operation of the law. After a defense of the bill by its author, in reply to critics, further consideration was deferred until Monday next.

Later notice was given by Cooke of a bill empowering the Board of Agriculture and Forestry to establish stations on Kauai, Oahu, Maui, Lanai and Hawaii for the propagation of

## SENATOR BROWN HAS THE SCHOOL BILL UP AGAIN

Senator Cecil Brown, as soon as session. He favored the bill and wanted prayers and minutes were over within to see it pass, but he did not want to see the bill rushed. He and others wanted time to consider.

President Knudsen ruled that the bill was on the table and could be taken up at any time on proper motion. He would not rule Cecil Brown out of order but would say that his motion was unnecessary.

Brown thought it would be safer to put his motion, as long as he was dead.
